

Nutrition Education for Practicing Physicians (NEPP)

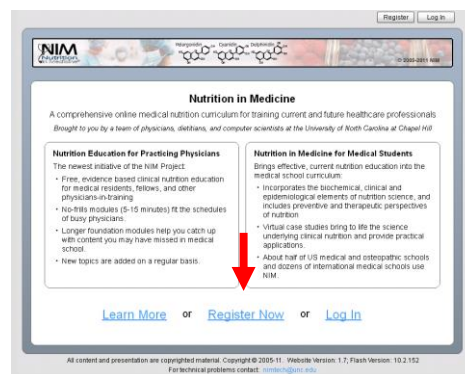

Registration Instructions 2017

NEPP develops evidence-based, practice-oriented nutrition instruction in brief (~15 minute) units designed to meet the needs of busy practitioners as well as in-depth foundation modules covering principles of nutrition assessment and intervention.

For technical questions contact nimtech@unc.edu.

Step 1) Go to: <http://www.nutritioninmedicine.org/portal/>

Step 2) Choose Register Now (bottom center) if you are new to the NIM website. If you have an account with our old website system, choose Log In and enter your old login and password and follow the prompts on-screen.

Step 3) Create an account by entering your email address and a password (at least 6 characters long). Select Continue after each step.

Step 4) Enter your first and last names, a backup email in case your email address changes, and indicate whether you are an instructor or a residency/fellowship director. Choose the category that best describes your position. Continue.

Step 5) Type in the name of your institution and answer the additional information requested. Then Register.

Step 6) Here, most physicians will just choose the Enter NIM button. But if you have been given an access code, enter it here, then Submit.

Access Codes

If you have an Access Code, enter it here:

Otherwise, you are ready to begin!

Step 7) Choose Course Listings from the blue bar at the left, or the View My Courses button in the center.

Home

Welcome to Nutrition in Medicine!

We have a new look! We've redesigned and updated our site for improved functionality with many enhanced features. We'll continue to make changes over the coming months.

You can get started by selecting the blue bars at the left, or the button below.

You can enter an Access Code in the My Account section.

Step 8) You will see a list of modules. Select a module, then Start the Course. Most modules will take 10-15 minutes to study. The FOUNDATION modules, which cover nutrition background information with a broader scope, will take 30-60 minutes to complete. We release new modules on clinical topics periodically. Check back often.
