

# USC Office of Environmental Health & Safety

# CHEMICAL SPILL

## NOTIFICATION

DO NOT attempt to clean a spill beyond your level of comfort or expertise. **When in doubt, call DPS.**

1

**ALERT** all nearby persons.

2

**SECURE** the area. DO NOT attempt to clean unless you are properly trained, equipped, and you understand the characteristics of the spilled material.

3

**EVACUATE** the area, if necessary.

4

**CALL DPS at (213) 740-4321** to notify of any spill, even if the spill was cleaned.

## NOTE

For MINOR spills, ensure that clean-up materials are compatible with spilled materials and follow the protocols provided by USC EH&S, Safety Data Sheet (SDS), or by the manufacturer of a professional spill kit.
